## ANTIGUA

Weddings With Friends

A Caribbean beach wedding on Antigua can be as intimate or grand in scale as you like, from booking out the entire resort for family and friends, to a simple ceremony on the sand for a small gathering of friends and family. We provide the expertise, from bridal hair to fireworks to beach banquets, from groups of 10 up to exclusive use of the resort.

We can create special menus, recommend photographers, discuss floral arrangements, cakes and far more besides. Our approach is to make the event utterly bespoke to the wishes of the bride and groom while assisting with the legal paperwork required on Antigua, creating a ceremony appropriate to your needs.
